

## GLOBAL EXECUTIVE HOMES

June 22, 2010

### FOR IMMEDIATE RELEASE

**Calgary communities unite to help raise \$1m to build a hospital in Haiti by 2012 through the sale of a \$2.3m luxury property in Springbank, Calgary**

Global Executive Homes, leaders in the global luxury real estate market, will be hosting the Calgary launch of The Luxury Home Event for Charity in the Springbank area at #2 Fortress Rise on June 26<sup>th</sup> and 27<sup>th</sup> 2010 between 1PM-3PM each day.

This public event will include live entertainment on a world-class Wendl & Lung baby grand piano, an exquisite charitable art show through the [Giving Art Project](#) and will be supporting [Angel Wings International](#) by raising funds from the sale of the house, and through donations in a sealed bid silent auction, to help reach our goal of raising \$1m to build a hospital in Haiti by 2012. [Carl Drew](#), Angel Wings International Director of Development and world renowned international author and speaker will be arriving from Florida to host a special presentation for guests Saturday afternoon at 3:00pm to speak on behalf of this project.

“These people have nothing, not even an ambulance” states Drew. “We hope to continue to raise funds through this event, and others, and through the continued support of our partners to build an infrastructure that will help thousands in need”.

The property, a stunning custom-built home built just last year and valued at more than \$2.3m, will be sold to the highest reasonable offer over \$1,849,297.00 in an exclusive closed bid.

This event will attract hundreds of guests including local celebrities buyers and real estate enthusiasts and will showcase a variety of luxury toys for the silent auction including the new F-150 and Lincoln supplied by Woodridge Ford Lincoln, Bryant 220 powerboat, luxury RV camper, brand new Newport pool table, Cutco designer knife set, Wendl & Lung baby grand piano and a 2010 Vanguard supplied through Rocky Mountain Pools & Spas.

Through our Luxury Home Events, we are able to help local business gain unlimited exposure to a wealth of new clients, help the homeowner sell their house quickly and allow a fair price for the new homeowner while at the same time helping charities raise money.

“It’s a win-win situation for all those involved and offers the added value of bringing the community together during challenging financial times and create networking opportunities to build future relationships” explains Rochelle Johnson, Business Relations Director for Global Executive Homes.
